held on
dt. 03.01.2019

DELIVERED BY:

Prof. R.P. Das

Hon'ble Vice-Chancellor
Berhampur University, Berhampur

&

Dr.(Mrs.) Kalpalata Patri

Asso. Prof. of Education
B.J.B. (Auto.) College, Bhubaneswar

KENDRAPARA AUTONOMOUS COLLEGE
KENDRAPARA

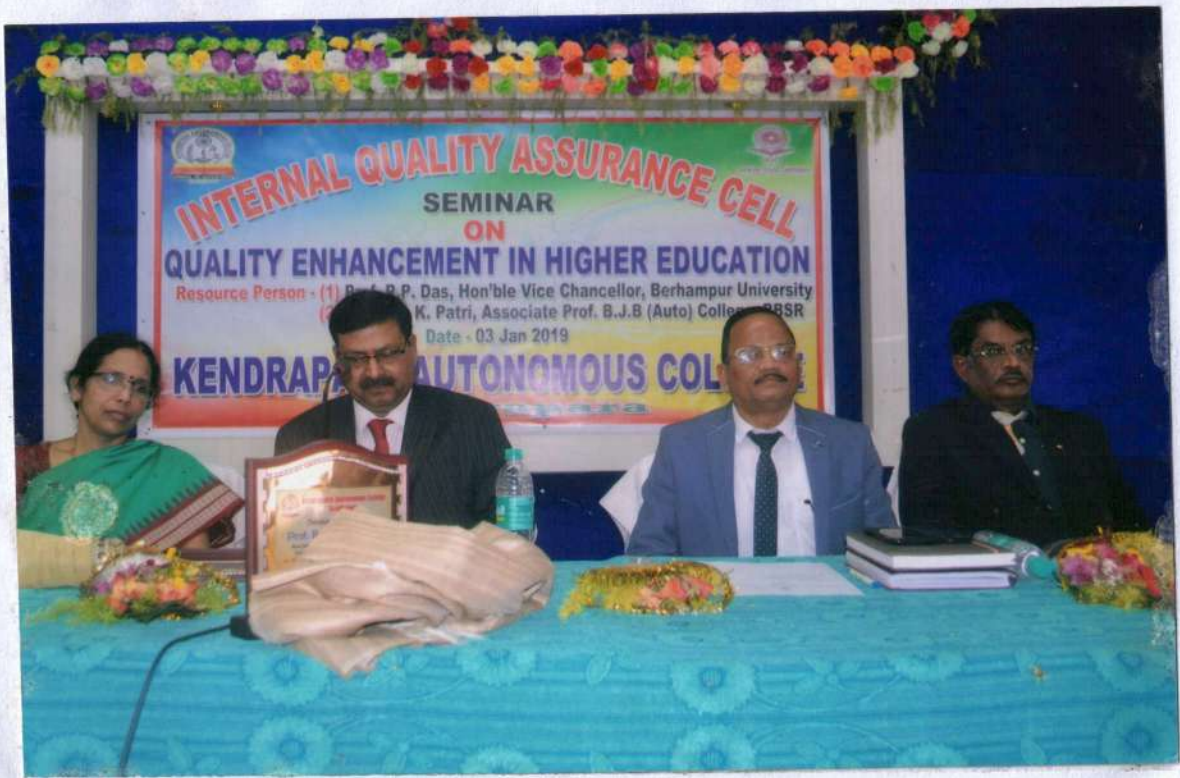

A meeting of IQAC was inaugurated by Hon'ble Principal, Prof. B.M. Bal on 03.01.2019 at 10.30A.M. in the Conference Hall. Joining as the Resource person of the occasion, Prof. R.P. Das, Hon'ble Vice Chancellor of Berhampur University emphasized on the out of box thinking. In his address, he stressed on the performance of the teachers, which will be judged by the students through feedback system. The teachers should introspect themselves whether they are doing justice to this noble profession or not. He emphasized upon the gender audit, gender discrimination and gender disparity.

For the enhancement of quality of education, parents, teachers and students should be involved. Alumni meet is an important facet of the system. Community involvement is another important aspect. College must go to community in order to give them a feeling that the educated people have a concern for their well being. No institution functions in isolation, it encounters problems and challenges.

In course of his address, he told that the teachers should not be complacent for getting "A" grade. This is not final and absolute. Success is a continuous process and college should try its level best to maintain this status.

Presently a lot of emphasis is given on quality enhancement and students are the largest beneficiary in the system. More stress should be given on positional power rather than personal power. Quality must be reflected in the behaviour, work and culture, it can be assessed through communication.

In his speech, he harped upon the fact that a teacher should have a rudimentary roll for quality improvement. Quality development is not a overnight phenomenon, it is continuous one. In the concluding address, he threw light on the fact that we all are under a scanner and everybody is assessing us and we should be conscious for that.

Dignitaries on the dais from left to right

1. Dr.(Mrs.) Kalpalata Patri, Resource Person
2. Prof. R.P. Das, Hon'ble Vice-Chancellor, Berhampur University
Resource Person

Institutional Excellence and challenges in Higher Education

This is a mega academic conclave. In such conclave, there would be meaningful discussion, fruitful deliberations, serious brain storming and finally a high level of academic acrobatic.

I hope the collective wisdom of the distinguished delegates and participants who are present here will help us in preparing a blue print for "~~Strategic Measures for Economic governance of~~ ^{Institutional Excellence and challenges in} **Higher Education**" in developing societies.

You are the academic leaders in your own field. You are "Think Tank"

As the water percolate to down level from High level tank, accordingly from this "Think Tank", the academic essence would definitely percolate to different spheres and areas through diffusion and dissemination.

In this occasion, I do not want to sensitive you, I want to remind you and refresh your inner mental faculty. You must be knowing that Higher Education in different parts of the globe has been facing serious challenges. At the Global level in 21st century there are paradigm shifts in H.E. Scenario.

On 7th August, 1940 : For the first time Oxford came to Viswa Bharati for conferment honorary degree to great Poet Rabindranath Tagore at a special Convocation of Oxford at Shantiniketan. In fact, in 20th Century Oxford, Harvard, MIT have emerged as the "Career destination" for scholars, students and researchers all over the world. And in those days, it was a status symbol to be a student/scholar of such world class institutes. •

2ND IQAC Seminar dated 28.01.2019
